Select a Plan

Choose the plan you'd like to start with by clicking one of the green "select" buttons. Please note that while the pricing indicates "starting at" \$3.95, it is based on paying for 3 years at the time of purchase. You can choose to pay for one year at the time of purchase, but that first basic level is \$5.95 for that duration.

The screenshot shows the Bluehost website's plan selection page. At the top, there is a blue header with the Bluehost logo, a phone number (+1 855 984 4546), and a chat icon. Below the header, the text "select your plan" is displayed in a large, light blue font. The main content area features three pricing plans presented as vertical cards. Each card has a header with the plan name and a price, followed by a list of features and a green "select" button at the bottom. The "choice plus" plan is highlighted with an orange header and a blue "recommended" label.

Add-ons

You don't really need to get any of the add-ons now unless you really want them. If you choose one, many folks choose the domain privacy so your registration details aren't available to anyone who looks them up. I didn't choose that and got quite a few spam phone calls the first few weeks, but after that they stopped.

Payment Info

Now, you'll need to enter your payment information. And just let me point out here that Bluehost does have a guarantee. Full refunds are available in the first 30 days (minus the cost of domains if cancelled after 3 days) and you can get a prorated refund at any time.
